

2005 ABD Fall Fling

Race # 4 Results

Lombard, IL Criterium Finale

Sunday, October 9th

Please contact **Mike Ebert** @ mebert@prairiepathcycles.com
or Bob Lundberg at ABRLund@aol.com if you have any questions regarding results.

This final race of the ABD Fall Fling would be the deciding race for many of the overall placing of many riders in all the categories and age groups. This fact may have driven some riders to play safe and not try any break attempts that may fail.

Except for:

ABD Team sends one rider at a time off the front until (who is next?) Ebert and Reid make it stick, separately, and designated sprinter Puffer pops off the front for third in the Cat 1,2 & 3 race.

Team Mack breaks away laps the field, break again, and finish 1 through 4 in the Master 40+ race.

15 Category 4 riders break away from the field, no crash they rode away. The fast pace drops 6 riders from the break, the field seeing this expects the remaining 9 rider break to fail, but up front are some fast TT riders, together in a pace line they simply ride away.

The other races were not slow; the sprint to the finish was long and fast. Adamczyk holding off Team ABD and Verge Gear in 50+. DICE Women taking two firsts, Myslis returns, and Nancy Beck! VOX & Pony Shop riders eyeing each other for the Cat 3 sprint win (cat 1, 2, & 3 raced together). Sprinter Alfredo showing the 60, 65, 70+ racers why they need to drop him before the finish (yes, I know it is next to impossible), perhaps Patterson next year he seems to be getting fast.

After each of the races the riders could sit down to a Fall Fling Lunch (provided by ABD) at the start finish area and watch the remaining races. Nice going ABD.
