2007 WORLD CHAMPIONSHIP

4-Person

60k TEAM TIME TRIAL

(59.50km)

Sponsored By
PYOC /
RRB
Racing Team

SUNDAY, SEPTEMBER 9th
Waltham – Wallace Township, LaSalle County, IL

“Hey let’s do that again” was heard many times as the TEAMS finished the 59.5 kilometer course. As the TEAMS crossed the finish line some had a member who just could not keep up the pace and slowed to finish alone or were picked up by a follow vehicle. Some TEAMS came across totally exhausted with heads down and muscles sore from the effort. This occurred in all the race classes. The finish time was recorded when the third rider on each TEAM finished, essentially no TEAM is faster then the third member.

Thanks to Waltham Grade School and Waltham Township for allowing us to use their facilities and roads for over 25 years to enjoy racing in the TEAM TIME TRIAL.

59 Teams, 234 riders from age 11 to 81 came from around the globe to compete in Waltham Township, Illinois in one of the race Classes:

Open (cat 1-4) Master age 30+ Master age 40+ Master age 50+ Master age 60+ Master age 70+
Junior Open Women Open (cat 1-4) Women age 40+ Women age 50+ Women age 60+
(Teams may consist of any quantity of men or women, except Women class is for Women only)

One team started every two minutes in a random order. You could have a Junior Team in front, a 30+ team behind and you are the defending champion ready to begin your 29 mile per hour average speed. Some Teams joke as they wait for the Official to count down the 2 minute gap, others go over strategy, some are quite calm but all burst from the line knowing only seconds could separate 1st from 2nd or even 10th from 11th.

For their outstanding performance in Class:

Each member of the Champion Team in each class received World Championship Jerseys and custom Medals. Each Member of the 2nd through 5th place Team received Championship custom medals.

The 7 Fastest Teams and 7 Fastest Woman Teams received cash award for their Outstanding Performance. 1st \$240, 2nd \$200, 3rd \$180, 4th \$160, 5th \$140, 6th \$120, 7th 100, 8th \$80.

A rider asked one rider of the Fastest Team “So how do you average 29 mph for 60 km?” His answer was “I get into a rhythm and hold it”. Translation, *I have the strength to attain 32 mph and the endurance in heart, lungs and muscles to maintain that speed, the turns naturally slow me down which caused the 29 mph average speed.*

Team Work:

This event demands you work together very well to attain a very fast time or just improve from last year. Some Teams carpooled, more took time to train specifically for this event, a couple had the Team Coach taking care of the details and advising, a few Teams took the time to wait for a fallen or flat tire rider. A junior rider captained one Team with his Dad and other relatives as members. Many of the Teams are made up of not just Club members but good friends. At times during the race a member may need more rest in the draft of their teammates, they need help to finish, they all depend on each other.

The TEAM EFFORT Award goes to Running Away Multi Sports Steve Ginsburg, Jan Marion, Scott Greensberg and Matt Landau. After rounding the second turn two riders fell; Matt suffered a separated shoulder. They threw their bikes in their follow vehicle and drove directly to the Hospital. Staying with Matt through treatment and the return trip home. I hope the injuries heal quickly and your love of the sport of cycling helps you on your road to recovery.

Junior		Open	Age 18 & under	
PLACE	NAME		CLUB / TEAM	TIME
Champion Team	Scott	Rosenfield	Vision Quest	01.30.00.980

Thanks to all the workers who came out to register, start, direct at the corners and record the finish times of the many teams. Thank you so much.

Results posted in the memory of Nestor Evancevich, original Executive Director of ABR and Don Lawrence, long time member of ESDA LaSalle County and turn around marshal of this event Sept 2002.
