

ABD Memorial Day Weekend Masters Races

May 26 Batavia, IL

This race started on the flat area at the top of a hill. A couple hundred yards from the start was turn 1 Left, a block later down hill was turn 2 left with a wall of hay bales (No riders needed that cushion), a another block to turn 3 right, then a long runway of two blocks down to turn 4 left, basically you ride a big half circle to maintain speed from turn 4 into turn 5 left. Now the hill looms ahead but you should have some momentum from the downhill, turns 4 & 5. Catch the Packey Webb Mustang convertible pace car for a bit of draft, just seconds but it is something. Stay far right where the slope is more gradual to turn 6 left. Too close to inside turn 6 is much steeper then staying way right. The home stretch is gradual up to the finish line.

Pace car driver reports that every break away occurred on the down hill when the field was at a big disadvantage to keep up with one to three riders blasting down the hill and zipping around the corners.
