

2008 ABR Masters National Time Trial

Garden Prairie, IL

16 August 2008

A slight wind, cool morning air and dry roads greeted the riders for this advertised 30k (actually was 31.5k) race on country roads. Riders raced South to a left curving incline, then down to a flat road to a right turn. South up over a Tollway overpass, then down to a flat road towards the left curving road to head East to a second Tollway overpass that curved left then right down to the flat road towards the mid road turn around. The return trip was reverse of the outbound leg. The inbound leg had more head wind. The return leg was about 400 meters shorter than outbound leg.

Riders were started at 1-minute intervals, no drafting allowed.

Francis Manfred, IN, Master 30, had the fastest time to turn around with a 19:53.31. Jeff Otto, WI, Master 30, was only 6 seconds slower with a 19:59.85. Francis stretched that 6-second lead to over a minute when he finished.

Diane Roanhaus had fastest women time to turn around at 24:24.18.

Mike Jones on his return trip made a left turn at an incorrect road (course arrows and corner Marshall pointed straight and with flag in hand was yelling wrong way stop) was then followed by Richard Proskurnicki, Bruce Gordon and one other rider. Bruce and the other rider heard the Marshall return to correct road and finished. Mike and Richard returned to start area after completing their ride.

In Master 30 Ben Widoff and Michael Stevens rode nearly the same speed, Ben gain 10 seconds on the way out and Michael was 2 seconds faster on return leg. Even closer was in Master 40, take a look and compare David Polin and Reed Oliff times. They were riding almost exactly the same speed, perhaps a faster start or quicker turns on the outbound leg put David ahead by 2 seconds which he maintain on return leg to finish line.

Listed below are finish placings per age group and finish time. The event was open to all riders, only annual members have a place number.

Great race riders, Congratulations to the Champions.
