

**Penguin Bicycle Club**  
**23<sup>rd</sup> ANNUAL CENTRAL STATES MASTERS TRACK WEEKEND**  
**19-20 July 2008**  
**Washington Park Velodrome, Kenosha, WI**

This 23<sup>rd</sup> Annual event was the first to have a day rained out. Usually it is warm to hot and dead dry. Although the rain ended early in the morning water was seeping out of small surface cracks in turn one and no amount of towels could keep it dry for the racers. At 11:15am Saturday morn the drizzle returned. Doppler radar and satellites could not detect this race killing drizzle. Sunday was dry and just the right temperature for a full day of racing. Unfortunately many riders did not return but those that came posted some great times and good competition.

Speedster Jeff Michaels great Kilo, 3k pursuit and a good 200 outclassed the competition. Verner had the speed for the Kilo against Hickey but Hickey had the endurance for the 3k pursuit.

Todd Hayes flew in the 200 with a 12.12 and turned on the after burners to beat Andy Tschampa in the sprints. Andy had a great Kilo. Mark Tanka gave everything and came back for more while the others decided they had enough.

Rita and Jean tight sprint finishes. Then their nail biting 2k pursuit was even till 1 ½ laps to go when Jean's road racing experience pulled ahead. Rita has to be the most improved rider at the event.

Pearson taking the 1<sup>st</sup> sprint and Jim taking the last two but it was close. Jim's endurance is still tops for distance events.

Keller and Beck neck and neck in each event, look at the 2k times.

John Goodman and Preston Hamilton had no competition but gave their all to post improved times from 2007.

Category	Entrant	Flying 200		Kilo		3K Pursuit		Sprints Place	Points Place	Omnium	
		Time	Place	Time	Place	Time	Place			Points	Place
<b>M 40+</b>	Edmond Hickey	13.91	3	1.18.95	3	3.56.52	2			11	3
