

2008 MID-AMERICA TIME TRIAL SERIES
Team Barrington Bicycle Club
MATTs FINALE 39.8km Individual

Garden Prairie, IL
 Saturday, September 13, 2008

What a day of Time Trialing. Temperatures were 70's to 80's. The rain the day before cleaned the roads of residue fuel, dirt and debris making for one fast clean surface. There was some drizzle in the morning and as riders called to see if the race was still ON, the Promoter was heard saying "I am wearing a t-shirt, it is not cold, no flooding, riders are arriving and there are canopies... over the entire course".

There are some really good finish times and some Classes were won by mere seconds after 39.8 km. No drafting was seen but how could they with watery eyes and a beaver coming off every rear tire? I said canopies not dry roads. Some canopies became too heavy and leaked, so it was not a totaling dry event.

The supplier sent an abundance of free water, Propel drinks, and oranges, bananas and apples were ready for the tired racers and those who were going for a 2nd race. Next time Hot Chocolate. Scott Rosenfield did not race 3 times; yes he came to the start 3 times, once with a flat, 2nd with a flat at 5 miles and 3rd he completed the whole 39.8 km. To rub some salty sweat into eyes who thought it was too wet to ride, take a look below at the young junior riders, the age 60 on up racers and those who raced twice Pat Beam, Rob Jungels, Charles Gerlach and Bob Marshall.
