2009 MIDWEST REGIONAL TIME TRIAL[®]

30 Kilometer - 20 Kilometer Juniors

SATURDAY, AUGUST 22
Garden Prairie, Illinois

FANTASTIC weather for the first Annual Midwest Regional Time Trial Championship. This 30K, 20k for Juniors, had only one 90-degree turn and one turn around on this out and back course. There were some very close finish times in the race classes. There has to be a rematch between Ungaro and Widoff and perhaps a few other riders. Need to get Jones and Dust to race the Tandem first to actually see what they can do instead of after a blistering individual race. Tyger and Sean set the fastest times of the day on their Recumbents, then Altemus/Gremley on their Tandem and fastest on a "standard" bike was Harris.

A custom TT Champion Jersey & Medals through 5th place and some cold cash for the top three in each class.
