The Leland Kermesse

Saturday – April 25, 2009

RESULTS

Course: 10 Miles of undulating country road that varied from track surface smooth to dirt and gravel. The finish was up a small rise with the wind coming from left front. Made for slow sprints and strong stamina.

The weather was dry, windy, cool, warm and then some rain the last lap of the final set of races.

Master 30-40+ raced together taking a relatively easy first lap. After two laps Tom Doughty pushed the pace into the wind on the long westbound course which fractured the field into small packs each traveling about the same speed but unable to regroup.
