

Help Me Find My Track Frame

My Name Is Mark Greco. I raced at the Kenosha Velodrome in the late 1970s thru the 1980s

At the end of my track racing career I sold all of my bike equipment.

The Bike frame I'm Looking for has sentimental Value as it is a bike my father purchased as a Christmas gift for me in 1977.

He was also involved in cycling as a promoter for the track. He passed away several years ago.

As I look back I should never have sold the bike.

I would love to own this frame again.

Here is the frames description.

It was a Schwinn Paramount.

22 inch seat mast (56cm)

22 inch top tube (56cm)

Standard 1 inch top tube, old style track bike

It could be any color and possibly doesn't have a head badge on it.

Had the stylish Scroll Nervex Lugs like the photos below

Serial Number L7709 on rear dropout

Please Check the Old frames you have hanging in your basement

We will discuss your needs to complete this sale or transaction.

Any Information Please Call Mark Greco 262 748 2778

or Email Me LI150SERIES2@YAHOO.COM

NOT THE ACTUAL COLOR
