Start Time Races will start in the order above starting at 11:00. This race is sanctioned by **American Bicycle Racing**. Your category is the one listed on your FIAC or (for most of you) USCF license. If you do not have a racing license you are racing as a Citizen racer. There is **no** single day license fee.

A note about the scoring. This is a really hard race to score, and in past years our timer has logged a lot of overtime reviewing film to assure 100% accuracy. The error rate will be low but is not guaranteed to be non-zero. If honest mistakes are not acceptable then we assume you will stick around after the race so any errors can be corrected during the protest period. Thanks.

Pre-Registration is \$20, make checks payable to Camber RT,LLC. Junior and High School riders may pre-register for \$5.

Junior and High School riders may race their category or as a Citizen racer if they don't have a racing license.

Fill out a **waiver** and send it to:

Registration will be near the intersection of Weisinger and T. There will be toilet facilities but **no running water near registration.**

Course: The race will take place on a 13.5 mile loop. There are lots of rollers, a couple of leg stretchers, no killers.

We are guests here. This is Amish country and that means slow moving vehicles. The organizers will work to ensure there is no conflict but please be respectful of the locals.

When road race courses are lost it is almost always because someone did something stupid. Please don't do anything stupid.

Please respect the yellow line. We have DQ'd riders for this.
