MATTs® FINALE Individual

Garden Prairie, IL Saturday, September 18, 2010

Dry roads, cool temps and cloudy skies were the order for the start of the final MATTs event of 2010. The first few riders were only a few miles from finish line when a quick moving thunderstorm struck, some lightning, wind and buckets of rain. Once leading edge was through the rain subsided. A 40k course was planned but was shortened to 35k morning of race due to corner marshal no shows. Juniors raced 20k course.

Some great race times were recorded by riders from age 12 to 73. It has been great seeing all the racers work so hard to attain their fastest time at the MATTs races. Have a great TT off season, hope you come back next year for the Time Of Your Life, tick, tick, tick....
