## KENOSHA VELOSPO

### 32nd Annual Spring Training Races

**Sunday, March 27, 2011**

LakeView Corporate Park –  
Pleasant Prairie, WI

### ***The Tour of Illinois & Wisconsin Season Opener/ROTY Event***

The third and final race of the 2011 Kenosha Velosport Spring Training Criterium Series was held on a beautiful sunny but cold day. A much needed improvement over last week wet cold weather. Kenosha Velosport is a known Junior Development Club with many National Junior Champions and their members have grown into top ranks of bicycle racers. This Spring series has always brought out the Junior racers 10-18 and many other older racers and cold temps do not slow them down or curb their enthusiasm. The day gradually warmed for some fast and furious racing by the older crowd of non-juniors. Cash Premes and cash 1<sup>st</sup> place kept the action going strong during the racing.

32 YEARS of Kenosha Velosport Spring Criteriums Big Thanks to the Team!! Don't miss next Spring when hibernation ends and the riders come out to race and the big top will provide heated indoor lounge seating, warm-up trainers, hot cocoa/coffee, live race video commentary, hot saunas, heated whirl pools, Masseur and a snow bank to cool down on.

Fabio, Don and Tim tried several times each but a small chase group did not form. Bob and David were in a two-man tt mode that was not going to be caught today. David took the win, Bob second, Fabio won field sprint for third, with Don close behind for 4<sup>th</sup> and then a tight field sprint followed.

**11:30am Master 40+ 40 Min**

The field was racing a good pace, several riders made exploratory breaks, then Robert Ruggles and Jeff Miller got a small break and it worked. After awhile riders started to get very concerned and chase breaks were attempted. Each chase break had one or two riders but no one else would join up to make it serious. Robert and Jeff set a fast pace and at times it appeared they were trying to break from each other. In the final lap it was Robert beating Jeff to the line for 1<sup>st</sup>. The field settled into a sprint with Mark Serafin hammering more miles per second than Fabio, Ricardo, Dan, Don and on down the field. Nobody was cold this race.

**12:15pm Master 30+****40 Min**

5 riders from the new Enzo's-Psimet Masters Team rode their bikes into Pleasant Prairie from IL, signed up for this race, bumping the competition higher. Part way into this race Wayne Simon accelerates out of the field clocking 30mph when he settled down into TT mode. The field did not give up, the power was there to catch with WDT-Allvoi, Rob Springer, Patryk Limanowicz, Tim Henry, Gerlach, Ruggles, etc but the field never caught Wayne. He was riding smooth and nothing was going to irritate his winning. With plenty of power and speed in the field it came down to who could survive the speed they rode to sprint at the end. Top track rider Rob again showed he has a few extra mph ready for a 2<sup>nd</sup> place sprint but it was tight with Patryk and Chris. Then a blink away a very tight finish with Ricardo, Charles, Tim and Robert.

Joe Tarnowski rode a lot of time at the front or off the front but never posed a serious threat of getting away with Benjamin, Kristoffer, William and Kevin on his heels. The remaining field was spread out. With bell lap Joe was leading but across the line Benjamin took 1<sup>st</sup> Kristoffer 2<sup>nd</sup> and a hard riding Joe for 3<sup>rd</sup>.

We hope Nolan has a quick and full recovery from injuries suffered March 13.

The decisive laps - Lionel takes a flyer, a lap later Leif joins up, a lap later Leif, Tim, Patryk, Kaleb and Christopher are now the break. Lionel and Kevin are chasing and the field is gaining. During the last few laps prems were thrown to the riders. The break with a few laps to go is in sight of the back of field. Last lap the field gets the bell and just behind the 5-rider break gets the bell. In a hard sprint Tim passes the field and takes 1<sup>st</sup>, Lionel 6<sup>th</sup> out sprints Nate 7<sup>th</sup>, then 3<sup>rd</sup> 4<sup>th</sup> & 5<sup>th</sup> finish in quick order.

With four Nova riders in this field it was going to be tough for the other riders. Jordan and Michael take a flyer and are off on their breakaway. Keeping a fast pace and steadily gaining distance discourages a serious chase. Leif falls off the field pace early. Jordan out sprints Michael for the win. Steven takes the field sprint.
