Stock bike, Fixed gear

Time Trial Racers from Illinois, Iowa, Minnesota and Wisconsin drove through dark clouds, rain, lightning to the Kirke Vei TT northwest of Stoughton, WI. Are we racing? Doug Bach checking the weather radar and report stated storm looks to be clearing and we may delay start for 10 minutes. Two Officials driving the course 40min before start time find only small areas of standing water, no wash outs, clearing roads and rain ending. Is that sunshine to the west??

The race starts about 9:15am, at each corner two or three corner marshals are ready, signs posted, Police at their corners, and 3,2,1, 1st rider has started. Head Promoter is 5 minutes ahead double checking course; Chief Timer leads out 1st rider making sure each turn is made. 34 minutes later the 1st rider finishes. Clearing skies, drying roads were welcome relief for the racers and crew from the down pour only an hour ago.

This rolling, twisting, exhilarating course with an uphill finish was a nice change from the dead flat or slightly rolling courses most often used for TT's. This course required all the riding skills of climbing, descending, choosing gears, banked turns, corners, in & out of TT position and clear eyes for the road ahead.

Jeff Otto breaks the overall record for this course with a 26:31.550. (previous record 27:03 set by Lance Niles)
Arietta Clauss had a great time 30:47.54 but Womens Record remains at 30:23 set by a former Saturn pro rider.
