

Kenosha Velosport Spring Training Criterium March 11, 2012

Tour of
Illinois & Wisconsin
Season Opener

The Junior 10-12 and 13-14 raced during same time period but were to have separate starts. But a little misunderstanding occurred. The 11-12 yrs old started with the 13-14 and the 10 yrs started 30 sec later. The racing was still very good with a great group of kids.

Junior racers 10-12 and 13- 14 raced during same time period boys & girls raced together for separate awards.

A very strong group of 40+ racers bit on a good race. Breaks were attempted during the race but no one was able to stay clear of the field. The sprint finish was the whole field. Jones was able to crank up plenty of speed to win, Stephens had a small gap but the remaining field was stretched curb to curb. Unfortunately the finish camera failed. Take a look at a finish picture below taken by Voytek.

A good race, lots of break attempts, some fast speeds and good bike handling. John Cline slide out in the 4th turn, a couple other riders took a tumble over John. We hope John recovers very well and quickly from the injuries. Expect he will be up and ready for track racing.
