Super nice day for racing in Garden Prairie Illinois.

39 kilometers – Juniors and Master 70+ raced 20 kilometers

Roads were in great shape, thanks County for repaving, and some patching by promoters the day before. EMC2 did a great job running registration, the “Team” competition and marshaling the race course. Elmer Colyer blistered the course with a time of 50:48.32. Fastest 4 riders were under 54 min!! Arrietta and Stacy were riding virtually the same speed and finish only 4 seconds apart for fastest women.

I was a bit surprised while marshalling the course that I heard Bob's tire "pffllt". He continued on riding sloooowly, needing to finish to earn a place & points. Luck on his side when neutral support came up and supplied a rear wheel so he could finish the last couple miles riding.
