Masters 50 & 55 raced together.

The pace the field set was high enough that breakaways were not successful and did not hold for one lap. It looked like a field sprint would be the deciding factor. But on the last lap around the 1st bend Voytek took off, perhaps a bit soon but maybe just right. Charging down the back straight it was an all out effort. Near the Finish line Voytek in the lead, the charging field gaining, Berg, Zionts & Doering closing the gap, then Doering comes around Zionts & Berg to pass Voytek within inches of the line. Doering 1st, Voytek 2nd, This was the most exciting finish of the day.

Master 40

Break away attempts began on lap 1 with Kime off the front, several laps later Mosora, Stephens, Otero, Henry and three others were making a gap from the field. This whittled down to Mosora & Stephens who maintained their break to the finish with Mosora winning, Stephens 2nd. The field did not let any other riders escape for long and ended the race with a field sprint won by Tim Henry.
