For 14 Years ABD Cycle Club has held the Winfield Weekend of bicycle races with Saturday being a Twilight Criterium for a few race classes and Sunday a full schedule of race classes. Thousands of racers have raced the two courses over the years, earning a reputation of great race organization, prize list and fast hard racing.

Twilight Crit starts at the low point of the course; the uphill begins after the first turn and crests after the 2nd corner. A jam up the hill can spread out the field, the descent can break the field apart, but it usually takes another lap of jamming to secure a break. Cole, Ray and Chad made a break work.
