Sunday, July 28, 2013

For 14 Years ABD Cycle Club has held the Winfield Weekend of bicycle races with Saturday being a Twilight Criterium for a few race classes and Sunday a full schedule of race classes. Thousands of racers have raced the two courses over the years, earning a reputation of great race organization, prize list and fast hard racing.

For many of the years the Winfield Criterium has been the ABR National Criterium, crowning Champions for many in many age groups and categories for Men and Women.

This year the Winfield Criterium moved from Winfield Road south of the Railroad to Oakwood Park the same location as the Twilight Criterium but with more turns going uphill, a longer course, but same screaming finish. All race classes stated the Championship course was harder to ascend due to the uphill turns.
