 We will again host the **WOOD DALE IN LINE SKATE ODYSSEY**

## ABR State Criterium Championships

### August , 10th in Wood Dale, Illinois

Race day Events started with a Wood Dale Inline Skate Odyssey. 25 skaters raced 15 laps. Since abilities varied it was not surprising to see the field splitting apart after a few laps. The fastest few skaters lapped all of the other skaters who were spread around the course. You could see the hill up to the last turn was taking its toll on the leg muscles. 1<sup>st</sup> place was skating around 20mph. Unfortunately, I do not have a list of skaters or their placings.
