NEXT LEVEL BREWERY CAMP SHA-WA-NAS-SEE CYCLECROSS

October 25, 2014
Manteno, Illinois

This Belgium-Style Cross was Great!!

1.9 miles of grass, wood chips, packed dirt. Past the cabins, restroom, hot showers, fire pit, uphill along a creek, on packed trails, through the pines, hemlock, down through the S-curve, traverse the slope, over a tree trunk, down the winding root garden, on the flats, past the archery range, past the campsite, down the rock garden, up the slope to the cabin, off camber right, past the wheel pit, around the teepee, off the bike run over 3 barriers, right off camber, traverse the woods, onto the grass, 200 meters to go, sweeping right, drag race to finish line at the Pavilion. Of course we had more then one lap of fun, it truly was fun, exciting,

Master 45, 55+

40 minutes of hard racing, trying to escape, hold the lead, catch the rider ahead or hang on. Screaming down the decent of root haven and the rock garden, onto the field of grass towards the finish.

Overall Place	#	Name		Club
1	146	Chris	Patterson	
2	145	Thomas	Neviks	Bloomington Cycle & Fitness
3	144	Robert	Murray	Beverly Bike/VeePAK
4	143	Jim	Marshall	South Chicago Wheelmen

Master 35+

40 minutes of hard riding, the mud pit had a sloping avoid if you went single file, rock garden was a left to right descent to avoid the big bumps, going fast made it a breeze up the short hill to the cabin and then onto the grass towards finish.

Cat 1,2,3

7 laps of Team Mezo (Rbikes) setting a very fast pace, at times looked like a TTT, not just on the flats but uphill & downhill. The line they rode was smooth, fast and took less energy. But you did need to just let the bike go, lean into the downhill turns, use the banking and become one with trail. A sprint finish was the decider for 1st and 2nd.

Category 4/5

4 laps, lap time averaging between 8 and 9 minutes. Robert Murray and Bryan Kennedy battle it out for 3 laps, with Robert securing the lead during the 4th lap. The other riders were spread out but close behind, a dropped chain, a fall, or a missed turn could have changed the order. Only one rider finish down a lap.
